

# Chickasaw Nation WIC is coming to a neighborhood near you!

## WIC celebrates amazing parents like you!

Because your family comes first, let us support you in their development. We know you are balancing a lot, so now we are able to come to you. If you are pregnant, a caregiver or mom with children under 5, you can get support, encouragement, nutritious food and more. **Give your baby the best start.**

### The van is perfect for:

- new applicants in areas without a Chickasaw Nation WIC office
- those with hardship getting to the WIC office
- access to making up missed appointments

This federally funded program is open to both First American and Non-First American families.

See back for dates and locations or scan the QR code below.
